LAST WEEK'S BUSINESS AT EDMONTON

MANY NEW BILLS-FUTURE OF NORTHERN RAILWAYS SUBJECT OF DEBATE

BY JOHN MACKENZIE

With the address in reply to the Throne speech out of the way, the Alberta Legislature goes down to business this week.

New Legislation

Monday will be spent in the clearing up of the order paper, and several motions that had been standing for a week were disposed of.

Thirty-seven bills have received first reading, and a number of several have reached the committee stage.

Many of these are comparatively unimportant, but others are of first importance, such as the bill for the transfer to the province of the public lands, with which are incorporated the agreements with the Dominion government for the turning over to the province of its natural resources.

A new District Municipality Act is on its way through. The bill includes changes in the method of electing members of the Board of Trade by the auditors. This is with a view of reducing difficulties, which have been so unfortunately prevalent of recent years.

An amendment to the Highway Act will, if passed, make it compulsory for motorists to dim their lights when within 200 feet of another.

An amendment to the Motor Vehicle Act will have the effect of increasing the amount of time in which drivers are allowed to take with varying rates according to the losses in the past five years.

A petition calling for the construction of a railway line from the station of the A. & G. W. railway was withdrawn, after the minister of railways had explained himself and again agreed on the point that it was not warranted by the number of settlers in the district, and that part of the district was not served by the railway.

The previous year he had in 1918 built the grade and laid ten miles of track on the extension asked for, but the benefit of the railway was not being felt by the balance of the guarantee on the A. & G. W., amounting to \$30,000 per mile, or \$820,000. The road would cost only \$100,000 now to complete the line.

The request for the linking up of Peace River with the railway system was favourably received, and the bill will probably be completed when the new motor highway is built.

A resolution of sympathy to Hon. C. M. Mitchell on the death of his mother was passed by a standing motion.

Want "Blue Sky" Legislation

The Legislature has unanimously passed a resolution calling upon the Dominion government, to get companies applying for charters in the province under the control of the provincial Utilities Board. Since the Utilities Board had been asked for by Manitoba and Saskatchewan, and was very necessary in view of the present oil boom.

Government employees, it was stated, received 2,139 per cent on February 1, 1926, as against 2,661 on August 13, 1921. School inspectors, however, received 26, as against 30 in 1921.

Government will not reveal Railway Negotiations

The whole of Thursday afternoon was occupied by a full-blown debate on a resolution proposed by J. C. Brown (Liberal, Edmonton), the purpose of which was that the debt in the amount of \$1,000,000 be repaid to the ultimate ownership and operation of the E. D. & R. Railway and the Central Canada Railways. The bill was having a decided effect on the committee, by those coming and going with slaves the action of the government.

The argument at times verged on

OUR MARKET DEMANDS

At a meeting of the Board of Trade Monday night the Gleichen Public Market was thoroughly discussed with a view to making it a greater success and aiding in any way possible.

After much discussion it was decided to leave the market as it is at present, from 9 in the morning to 5 in the evening, as it was thought when the roads improved some farmers will want to come in early and return home in time for their noon-day meal.

The Call was requested to call to the ladies of Gleichen to use the new convention hall at

market accordingly. It was pointed out that last

Wednesday morning at one time there were about fifteen ladies at the market and no produce there to buy. While some home, a little later a big load arrived and many were supplied, although many times the amount brought in could have been sold that day—the question of a demand was solved.

However, in case of a surplus of eggs there was considerable discussion, and it was finally decided to lay the matter over to wait a report from Mayor Michael, who in order to obtain all the information available while in Calgary this week.

The Call was requested to give publicity to the classes of produce in demand at the market, and to particularly advise the farmers to bring in cream, butter, eggs, carrots, cabbage, parsnips, and a variety of vegetables.

A letter from Mr. T. W. Snowden, of the Bank of Montreal, indicated that he thought the market idea best he had heard of suggested in Gleichen.

Another from Mr. John C. Buskley, M.L.A., stated that the changing of the main highway to Calgary to run some distance further north of Gleichen had been decided upon by the Government, and the completion of the road from Gleichen to Arrowood would be taken up so soon as an engineer's report was received.

Several other matters were taken up by the Board of Trade before adjournment.

QUEENSTOWN HAPPENINGS

The abusive, and Mrs. McClung took occasion to chide the members for allowing the press to assume the rôle of a "scat-bag."

Premier Browne, in presenting the statement of the Government, said the railway problem was withdrawn, after the minister of railways had explained himself and again agreed on the point that it was not warranted by the number of settlers in the district, and that part of the district was not served by the railway.

The previous year he had in 1918 built the grade and laid ten miles of track on the extension asked for, but the benefit of the railway was not being felt by the balance of the guarantee on the A. & G. W., amounting to \$30,000 per mile, or \$820,000.

The road would cost only \$100,000 now to complete the line.

The request for the linking up of Peace River with the railway system was favourably received, and the bill will probably be completed when the new motor highway is built.

A resolution of sympathy to Hon. C. M. Mitchell on the death of his mother was passed by a standing motion.

MARQUIS U. F. A. ORGANIZE DISTRICT ASSOCIATION

FIRST CONVENTION TO BE HELD AT QUEENSTOWN-SATURDAY, MARCH 26

At a meeting of representatives of Milo, Queenstown and Arrowood U. F. A. locals held at Queenstown on March 10, steps were taken to organize a District U. F. A. Association. Representatives of Shilo and Winkler, and the new provincial association became the

district association became the

NEW POLITICAL ORGANIZATION IS FORMED FOR GLEICHEN

GLEICHEN PROVINCIAL CONSTITUENCY U. F. A. ASSOCIATION

On Saturday a new organization

was formed in the Gleichen

area known as the "Old

Calgary," and is known as the "Old

Calgary Provincial Constituency U. F. A.

Association," at a meeting called to

order by Mr. Harvey Hamilton, U. F. A. local president, and Mr. W. D. Tregan, U. F. A. Provincial Constituency, who presided over the meeting.

Chairman A. A. Smith, of Irby, and Mr. E. E. Evans of Calgary, and Mr. W. D. Tregan of Arrowood, were present.

There were eighteen locals repre-

sented and forty delegates and vis-

itors present.

President H. W. Wood, addressed the meeting and Mr. J. C. Buckley, M. L. A., gave a special address.

The directors are from each of the

district associations, and each

district association made itself to

make every effort to get members in local

districts to make themselves known.

The new officers are:

THE COUNTRY PUBLISHERS' CASE

Every now and then the publishers of "country
weeklies" newspapers are invited by published subscribers
to explain why the four or six or eight-page newspapers
they publish are higher in yearly subscription price than
numerous forty or sixty or eighty-page "national" jour
nals they are familiar with. To those readers who have
pondered this mystery and are sincere in their desire for
information, and to those who are inclined to inquire of
the apparent result upon their prices, the publisher desires
to submit a few facts which, if not convincing to all, will
be interesting to many.

Starting it frankly, the country newspaper publisher's
difficulty lies in the fact that the reading public has been
"spoiled" by the large publishing houses insofar as sub
scription prices are concerned. With them, the sub
scription price is not regarded as a resource of revenue; it is
merely a nominal fee that must be charged in order to obtain
benefit of postal newspaper rates which the weekly pub
lishers enjoy. The advertising rates, however, are not
paid by the large publishing houses but by the readers.
The publishers of great weekly journals could afford to send their
paper free by airmail copies by reason of the advertising
revenue they could obtain, were it not for the postal
regulations. As it is, they are satisfied to receive a sub
scription price which the post office department regards
as reasonable and which is not expected even to cover the
cost of paper actually used in the publication; it does well
ever to meet the postal charges at the special newspaper
rates.

Immense output is also an important factor. Every
man owning an automobile knows what large-scale pro
duction means; if autos were built as newspapers are pub
lished, by thousands of independent firms, in small
plants—there would be fewer cars by millions in use to
day.

Advertising revenue, mentioned above, is interesting
to consider. Advertising has developed to such an ex
tent that in recent years it has boosted the printing indust
try into third place in the list of industries in New York
City for 1925. Seven thousand dollars is the price of a
page advertisement in a single issue of The Saturday
Evening Post (cover and centre-page positions highest
the page being less than one-half the size of a page in this
paper). The national weekly with its hundreds of
thousands of readers, attracts advertising in immense
volume, which is not possible to the country newspaper,
the result of which gains only local and therefore
limited circulation.

Another instance of the saving effected by quantity
production is seen in cases of weekly editions of the daily
newspapers. In these the bulk of the matter used is pre
pared for and used first in the daily edition; the weekly is
a by-product.

In view of the foregoing do we mean to deerey low
subscription prices; we say let's get all we can for nothing
or next to nothing, but we also say let us not allow our
sense of values to become distorted.

The average person cheerfully pays more for gaso
line on a summer day's motor drive than he is asked to pay
to have a newspaper sent to him once a week for a
year; the weekly movie in a theatre takes twice as much
subscription as a cheap or pipe tobacco's weekly out
lay on a scale equivalent to five or six sub
scriptions and still we have those who cannot see two dollars
value in their home paper in a year. The fact that
eighty per cent of the weekly newspapers in Canada sell
for \$2 a year is evidence, however, that the publishers of
those papers are convinced that the investment of time
and money involved in the production demands
that the price be lower than \$2.00.

Most readers will concede that the local newspaper
is a worthy service to a community, rendering service
that is probably unique only to that given by church or
school. The average individual considers his obligation
to the church on behalf of his family at \$50 to \$100 a year
at the least; the school will cost him more than that.
Then if a newspaper can perform any small service at \$2.00
it surely can not be regarded as being overpaid at \$2.00
a year.

The remarks herein are not intended to be in any
way a solicitation of charity; newspapers have been above
that for a long time; if a paper does not give value for
everything it receives its existence is not justified.
The foregoing is merely a presentation n outline of the pub
lisher's case, commended to the intelligence of fair-minded
readers. If there is any question of charity, for charity, it is the
readers. If they can not afford to take a paper, and bless
us if we'll refuse anyone a year's free subscription who
will tell us that we are overcharging him at \$2 a year—

The Dufferin Leader, Carman, Man.

NOTICE
SALE OF INDIAN LAND

TRINIERS will be received at the
office of the Indian Commissioner at
Regina, Saskatchewan, for the pur
chase of the following lands in the
Blackfoot Indian Reserve, up to and
including the 10th of March, 1926, upon the usual
terms of one-tenth cash and the bal
ance in nine equal annual instalments
with interest at six per cent per annum.
The deferred payment at the rate of six
(6) per cent per annum. All ten
years must be accounted by cash or
a market cheque for the
amount of the land and the
price of one tenth of the
original price.

NO TENDER NECESSARY
ALREADY ACCEPTED.

Public notice is hereby given that
the undermentioned lands applying to
the Alberta Liquor Control Board for
a license to sell beer by the glass or
open bottle for consumption on the
premises.

The south east corner room on the
ground floor of a building to be
erected on Lot one, Block four, or
Railway Ave. and Main Street East,
in the Town of Arrowood, re
corded in Land Title Office for
Alberta, Land Registration District
as 1738 D.M., to be known as the
Arrowood Hotel.

Dated at Arrowood, January 4th,
1926.

Hon. J. G. Gardiner Is Chosen As Premier Of Saskatchewan

Regina, June 10.—Hon. J. G. Gardiner, member of the cabinet, and minister in charge of the bureau of health and industries, was the unanimous choice as successor to Hon. C. A. Dunning at a meeting here of 1,200 Liberals in the City Hall.

The meeting was made up of many members of the legislature, cabinet, and other political leaders, as well as the presidents, vice-presidents and secretaries of the constituent Liberal Associations.

Mr. Gardiner's name was placed in nomination by Hon. C. M. Hamilton, minister of agriculture, who said that four members had been nominated at the afternoon conference of members of the legislature and candidates at the June elections: Hon. A. P. McNeil, minister of health; Hon. J. J. Latta, minister of education; Hon. C. A. Dunning, minister of health and industries; and Mr. Gardiner, who had been nominated by the Liberal Association.

Others nominated were called for and Mr. Hamilton, Mr. Latta, Mr. McNeil and others addressed the convention before nominations were made and the names of the leaders of the government and the great enthusiasm.

The convention explained the purpose of the convention was to select a successor to Premier Dunning. All said that regret was expressed that he had been honored by being selected as the new minister of railways. He was vice-chairman of the Liberal Association and that in his province would have championed at Ottawa.

When Dunning was called upon, the large audience gave him a standing ovation, welcoming him with round after round of hearty applause.

The Liberal Association gave him a trust and he was glad to be able to say that no man ever had a more to live for than he did in his cause. One of his most precious memories would be that he had been nominated as the man who had been elected with Mr. H. H. Wayte and Hon. William Metcalf in the history of the province.

Slut Out Canadian Butter

United States to Raise Tariff on Butter

Washington, June 10.—The prediction that a President Coolidge is soon to come to a proclamation under the textile tariff law increasing the tariff on butter fifty per cent. was made by the chairman of the house. Canadian butter importers would be seriously hampered by the increase should it materialize.

The forecast of the Minnesota members came on the heels of the announcement that the tariff commission had completed its inquiry into the butter market and delivered its report to the White House. The contents of the report could not be learned.

To Meet Competition

Americans Cut Prices At Alberta Coal

Gives Sale In Canada

London, June 10.—In view of the American auction and domestic coke made in Toronto, coincident with the commencement of the coal shipment of the Alberta coal. Coke was reduced two dollars a ton and sent abroad to the United States. The Canadian Commission of Alberta said that it was obvious the city's Alberta coal competition had forced down prices on coke and other coke here.

Refused Landing At Chinese Port

Tong King, China.—Two American steamers and a mail steamer, the *Albion* and a British woman missionary were not allowed to land at Peking because they are members of the Kuomintang. The *Albion* is part of the strike and boycott movement in the south which has been intensified in the past few days.

Loan Quickly Bought Up

New York, June 10.—An application of the Canadian Government for \$10,000,000 to help in the United States has been announced by the financial magistrate who underwrote the loan.

Books for the loan, which constitutes the first major financing by the Dominion government since last February, were open for two hours yesterday.

Premier of Saskatchewan

Progress Is Made On Alberta Highways

Government Ready to Proceed With Farm Loan Measure

Edmonton, June 10.—The Canadian Labor party has issued a call for a meeting in Edmonton for all Pacific nations. Including Canada and the United States, with a view to a meeting at the end of the month in respect to the future peace in the Pacific.

This information was contained in a statement made by Hon. J. A. Ford, minister of Labour, to A. H. Ford, director of the Pan-Pacific Union, here.

Representatives of the Soviet, including

Mr. McNaughton, said:

He was told it intended to be

together representatives of Labor and

other organizations on the Pacific.

Mr. Ford explained that progress had been made in the construction of many highways throughout the province, but that the work had been held up by the lack of sufficient labour.

He said:

He had been

Reefs of Debt

THE man or woman who plunges into a thoughtless spending, making no provision for the future, faces financial shipwreck on the relentless reefs of debt.

Men in debt no longer control their time or their careers. Others control them. To remain in debt is to have to do without, in bitterness of spirit.

The habit of saving part of every dollar you earn will help to keep you clear of debt, and will enable you to enjoy comfort and contentment in the days that are to come.

Our Bullet Book will suggest a savings plan to fit your income. Ask our Manager for a copy.

The Royal Bank of Canada

Here and There

Nels Nelson, world's amateur ski champion, gave an exhibition at Shawbridge recently to the members of the Mountain Ski Club. Mr. Nelson held the record for the longest ski jump in the world, either by amateur or professional ski experts. At the time of his visit to Gleichen he attained a distance of 240 feet, two years ago. This has never been equalled or attained before or since.

The Prince of Wales spent a day inspecting the British Empire Exhibition at Olympia, England, recently. When in the course of his tour he came to the important exhibition of Canadian Pacific Railways, he stopped and examined the exhibit, "Good old C.P.R.". On leaving the Prince's comment was, "It is a splendid exhibit and it needs with the success it deserves."

Shipped to the Governor of Sierra Leone, South Africa, before Christmas in care of the Dominion Express Company, the records of the Canadian Department of Agriculture have been acknowledged by the Governor's secretary. The latter states that the copy of the "Report on the Apples and Pears of the Spies, arrived beautifully packed and in perfect condition.

General meetings of the Montreal Railway Officers have been held in Montreal recently for the purpose of discussing the convention of Canadian Railroad Superintendents. The convention is to take place on June 15 to 18 next, with the attendance of railway superintendents from all parts of the American continent. In all, about eight hundred or a thousand are expected with their wives.

With E. W. Beatty, President of the Canadian Pacific Railways and his wife, the Rev. and Mrs. White Revue, an annual Musical Show written, produced and acted entirely by the members of the Railways, was offered to five capacity houses at His Majesty's Theatre at Montreal March 12, 13, 14, 15 and 16. The show was a great success and was produced by the undergraduates of McGill University.

One of the largest and most valuable collections of Chinese Jade that has ever crossed the Pacific Ocean came to Vancouver recently on the liner "Empress of Russia" when the vessel arrived at Vancouver recently. The entire collection is the largest and most valuable collection in the central and northwest provinces of China. The collection was brought by A. W. Behr, well known collector of New York City.

The American Italian Trade Fair to be held in Milan, Italy, during the month of April, has the support of the Italian Government and all the commercial and industrial associations of the country. J. J. Frati, from those within, who participate in the exhibition, has been invited to the exhibition should appeal to him. It should be mentioned that the Canadian manufacturers and merchants who wish to increase trade between the two countries.

Arriving at Vancouver recently on the Canadian Pacific liner "Empress of Russia," three scientists, Captain L. Dominick, of Yale University, and William Fowles and Adriana Rabel, of Harvard, took of photographs of the total eclipse of the Sun at an approximate cost of \$10,000 a minute. The two Harvard students and members of the Swarthmore college expedition who journeyed to the island of Sumatra to photograph the latest eclipses of January 14.

Brown's bread 10¢ a loaf.

An able merchant who plans his advertising as carefully as he does his store methods, gradually builds up his business, and, in the end, his fortune; his policies and claims are accepted at par, and steady growth is inevitable.

NOW READY FOR BUSINESS

In the old Bob Rows Building, South of Dan. L. McLeod's Implement business place, I am now prepared to do Harness Repairs of all kinds, and also Boot and Shoe Repairing. Give me a Trial.

J. LITTKE
GLEICHEN, ALBERTA

TOWN AND DISTRICT

Of course you read the winners of Ramsey's baking contest in this issue.

You can't miss Martin Motors
Ford ad on page 8.

Ex-Mayor N. Holmes, of Clareholm,
accompanied by his wife spent
the past week in town.

Those beautiful days certainly make
us think spring has surely arrived,
but watch out for the March snow.

Born Tuesday, March 9, to Mr. and
Mrs. E. H. James, at Gleichen, a son
Bert is the happiest man in these
parts.

At last the snows of winter are
showing signs of drying up. For a
while back the streets were a fright,
and polished shoes and clean rubbers
simply did not exist.

The Gleichen Women's Institute
have decided to give the Alberta
Government a millinery expert
to send a millinery expert to
teach the art of millinery from
March 22 to Wednesday, March 23
and 24. The demonstration will be
held in the Gleichen Community Hall
Club Rooms to which every person is
invited free of any charge. Re-
member the amount of good things
learned last year and be there each day.

Locals continued on the inside. See
page 5.

HERE IN FILM SHOW
BIG ZIEGFELD HIT

Those who enjoyed the sage
version of Ziegfeld's noted
success, "The Merry Widow," will find
joy in the new musical comedy
"Empress of Russia," which
will be shown in the Gleichen
Community Hall next Saturday,
March 13.

Collen Moore, prone to the rôle
of "sophy" gestures for sympathetic
interpretation, that unquestionably
will make this role an outstanding
hit of her long list of successes,
pathos, fire of temperament and
a delightful sentiment.

Collen Moore possesses all of those
qualities which she demonstrated in
"Fleming Youth," "The Perfect Flapper," and "So Big."

Jane Mathis, who has transferred
to the stage from the screen in
"Poor Horsemen" and "Blood and
Sand," did the adapting of "Sally"

and also was editor-in-chief of
productions.

The major incidents of "Sally's"
obscure origin, her struggle up
the ladder of life and loves and fame are
all there, but the story goes no further.

She has looked behind the scenes to
see, take the play-

wright's story and utilizing the plot
and scenes of the stage version.

That undoubtedly will win her the
praise of the staunchest of the ad-

mirers of the stage version.
